Unique beauty and fashion must-haves for summer

ALLENTOWN, Pa. With Memorial Day right around the corner, many of us are looking forward to summer, but the sun can really burn a girl's beauty routine if you don't have the right products.

We all have the sunscreens and the bug sprays in our beach bags, but there are some new and unique products you may have never heard of that can help you stay gorgeous and glamorous in the summertime.

Beauty and fashion expert Trinette Faint from Faint Services Group joined WFMZ's Eve Tannery in the studio to show us some of her personal faves.
