# DOCTOR DESIGNED

Optimal glow you're after? Here are the smartest skincare products formulated by top docs. No Rx required!

By Janene Mascarella

**ALTCHÉK MD GLYCOLIC RENEWAL PADS** micro-exfoliate and smooth fine lines while improving skin tone and radiance. The antioxidant benefits of green tea extract and witch hazel extract help protect the skin as the corrective AHA's flush impurities, refine skin texture, and restore radiance. **\$20, ULTA BEAUTY**

**DR. HAUSCHKA LEMON LEMONGRASS VITALIZING BODY MILK** rehydrates and rejuvenates your skin with a fast-absorbing emollient that's scented with lemon essential oil and lemongrass extract. Perfect for a morning power shower, the body milk awakens and invigorates your skin for a firm, toned finish. **\$36, DR.HAUSCHKA.COM**

**DR. DENNIS GROSS DARK SPOT SUN DEFENSE SPF 50** breaks the barriers of traditional sunscreens. The unique formula minimizes and prevents hyperpigmentation, fine lines, and wrinkles. It's perfect for under makeup and packed with skin-nourishing ceramides and hyaluronic acid to hydrate and improve elasticity. **\$42, SEPHORA.COM**

**REPLERE REPAIR & REPLENISH NIGHT CRÈME** is a powerful age-erasing antioxidant night cream that hydrates and repairs damage while you sleep. Clinically proven to diminish the appearance of brown spots, even out skin tone and texture, minimize redness, reduce fine lines and wrinkles, and visibly firm skin. **\$124, REPLERE.COM**

**DNAEGF RENEWAL - DNA EYE RENEWAL** is quick-absorbing eye treatment that targets immediate eye concerns of dark circles, puffiness, fine lines, and crow's feet with the added benefits of DNA Repair Enzymes. **\$70, DNAEGFRENEWAL.COM**
